

Forest and Wildlife Resources (Set B) — MCQ Worksheet

Social Science — Geography • Chapter 2 • 25 Questions, 1 mark each — Total: 25 marks

Instructions: Choose the correct option (A / B / C / D) for each question. Each question carries 1 mark. There is no negative marking. Suggested time: 30 minutes.

Q1. Biodiversity is the variety of:

- | | |
|-------------------------|---------------|
| (A) Life forms on Earth | (B) Mountains |
| (C) Rivers | (D) Climate |

Q2. Species whose population has not declined to critically endangered level are:

- | | |
|--------------------|----------------|
| (A) Normal species | (B) Endangered |
| (C) Vulnerable | (D) Extinct |

Q3. Species at risk of disappearing if negative factors continue:

- | | |
|----------------|-------------|
| (A) Endangered | (B) Normal |
| (C) Rare | (D) Extinct |

Q4. Species found only in some particular areas, often confined geographically:

- | | |
|----------------|----------------|
| (A) Endemic | (B) Endangered |
| (C) Vulnerable | (D) Rare |

Q5. Species disappeared from earth altogether:

- | | |
|----------------|----------------|
| (A) Extinct | (B) Endangered |
| (C) Vulnerable | (D) Endemic |

Q6. The Indian Wildlife Protection Act was implemented in:

- | | |
|----------|----------|
| (A) 1972 | (B) 1947 |
| (C) 1990 | (D) 2000 |

Q7. Project Tiger was launched in:

- | | |
|----------|----------|
| (A) 1973 | (B) 1947 |
| (C) 1985 | (D) 1995 |

Q8. Bandipur, Sundarbans and Manas are examples of:

- | | |
|--------------------|----------------------|
| (A) Tiger reserves | (B) Bird sanctuaries |
| (C) Marine parks | (D) Desert reserves |

Q9. Sacred groves are patches of forest:

- | | |
|--|----------------------------|
| (A) Preserved by communities due to religious/cultural beliefs | (B) Government plantations |
| (C) Crop fields | (D) Industrial zones |

| (A) Khejri trees and blackbucks | (B) Tigers |
| (C) Rivers | (D) Elephants |

Q11. Chipko Movement started in:

- | | |
|---------------------------------------|-----------------|
| (A) Uttarakhand (then in UP) in 1970s | (B) Maharashtra |
| (C) Tamil Nadu | (D) Kerala |

Q12. Joint Forest Management is a partnership between:

- | | |
|--|-----------------------|
| (A) State forest departments and local communities | (B) Foreign companies |
| (C) Private firms only | (D) NGOs alone |

Q13. Reserved forests are:

- | | |
|--|----------------------|
| (A) Most strictly preserved for production of timber and forest products | (B) Open to everyone |
| (C) Used for agriculture | (D) Pastures |

Q14. Protected forests differ from reserved forests in:

- | | |
|---|----------------------|
| (A) Some grazing/use allowed without serious damage | (B) They are smaller |
|---|----------------------|

(C) They are open seasonally only

(D) They are private

Q15. Asiatic lion is found in:

(A) Gir National Park, Gujarat

(B) Sundarbans

(C) Kanha

(D) Periyar

Q16. Which of these factors caused decline of forests in India?

(A) Agricultural expansion, mining, large development projects, urbanisation

(B) Sustainable practices

(C) Forest conservation efforts

(D) Sacred groves

Q17. Andaman Wild Pig and Andaman Teal are examples of:

(A) Endemic species of Andaman & Nicobar

(B) Migratory birds

(C) Endangered species of Kerala

(D) Tigers

Q18. The IUCN classifies species into categories such as:

(A) Extinct, Endangered, Vulnerable, Rare, Endemic, Normal

(B) Big and small

(C) Hot and cold

(D) Coastal and inland

Q19. Mawphlang sacred grove is located in:

(A) Meghalaya

(B) Tamil Nadu

(C) Rajasthan

(D) Maharashtra
